# 6. Audio Books

The screenshot displays the Books24x7 website interface. At the top, there is a navigation bar with the Books24x7 logo, a search bar, and links for 'My Home', 'Account Info', and 'Help'. Below the navigation bar, there are utility links like 'LOG OUT', 'SUPPORT', and 'Advanced Search'. The main content area features a 'Browse' section with various tools such as 'back to list', 'previous title', 'next title', 'share', 'add note', 'add to folders', and 'purchase hardcopy'. The central focus is on the audio book 'The Toyota Engagement Equation: How to Understand and Implement Continuous Improvement Thinking in Any Organization' by Tracey Richardson and Ernie Richardson. The page includes a book cover, author information, length (6 hours 51 minute), and a description. A 'Description' section provides details about the Toyota Production System (TPS) and the authors' experience. On the right side, there is a 'Browse Topics' sidebar with a 'View by:' dropdown set to 'Business Topics'. Below this, a list of topics is shown, including 'Audio Books', 'Business Analysis', 'Business Skills', 'Corporate Case Studies & Interviews', 'Employee Training & Development', 'Finance & Accounting', 'Hospitality & Tourism', 'Human Resources', 'International Business', 'Management & Leadership', 'Marketing & Sales', 'Project Management', and 'Quality & Manufacturing Management'. Under 'Quality & Manufacturing Management', there are sub-topics like 'Lean Initiatives', 'Manufacturing & Production', and 'OSHA/Health & Safety'. A 'Get MP3s' section is also visible, listing 'Audio 1' through 'Audio 6'.

**Description**

Ever since Toyota introduced the revolutionary Toyota Production System (TPS), businesses have tried to replicate Toyota's success. Few have succeeded over the long term. What businesses have failed to realize is that TPS calls for a fundamentally different way of thinking.

Now, at long last, here is a straightforward guide that make sense of the thinking culture behind Toyota's phenomenal success. Authors Tracey and Ernie Richardson speak from the heart as Toyota employees who worked in the Kentucky factory when the company was first introducing its people-first approach in the US, and went on in the ensuing decades to teach Lean thinking around the world.
