Subject Guide

Digital Collection

• e-Books

ebrary

Collection of over 65,000++ full text electronic books, covering a wide range of subject areas. These e-books are available from a PC with an Internet connection, anywhere in the world, 24 hours a day.

Springerlink

An online interactive database comprised of high quality Science, Technology and Medicine journals, book series, eBooks and online archives collections. Springerlink is a powerful central access point for end-users, with subscribed-to content conveniently color coded.

• E-Journals

Emerald

A database giving access to the full text of over 100 peer-reviewed journals published by Emerald. Full text is available from 1994; abstracts (summaries) of earlier articles are available from 1989. A small number of titles have abstracts only with no full text.

Covers the major management disciplines including, marketing, HR and organizational development, library & information management, quality and operations management, etc

EBSCOhost

One stop centre to search all databases from EBSCOhost.

Covers the social sciences, humanities, general science, multi-cultural studies, education and much more.

Gale Virtual Reference Library

Offers complete content of more than 100 book titles from the Gale Group of publishers. The collection includes subject encyclopedias, almanacs, and specialized reference works in more than 20 subject areas. Broad topics include literature, history, environment, philosophy, life sciences, business, sociology, law, political science, popular culture, country studies, and more.

Oxford Islamic Studies Online

Authoritative, dynamic resource brings together the best current scholarship in the field for students, scholars, government officials, community groups, and librarians to foster a more accurate and informed understanding of the Islamic world. Oxford Islamic Studies Online features reference content and commentary by renowned scholars in areas such as global Islamic history, concepts, people, practices, politics, and culture, and is regularly updated.

Open and Distance Learning

A leading international journal in the field of open, flexible and distance learning. Open Learning is widely subscribed to and read throughout the world by those in specialist distance education institutions, and also by those using distance, flexible and technology based forms of learning in conventional education and training contexts. Readers are drawn from all levels of education and training both in the private and public sectors and from academic, administrative and technical functions.
